### GREEK GETS HIS CHILD. FIRE WAS SPECTACULAR

For Over Eight Months Father Was Likewise a Difficult One  
Seeks His Daughter. to Extinguish.

### GYPSIES KIDNAPED GIRL. MUCH DAMAGE IS DONE.

Located In a Camp Near Chicago and  
It Required the Assistance of Force  
of Deputy Sheriffs to Rescue Young  
One From Party Stealing Her.

Chicago, Feb. 26.—After a search of nearly a year, in which almost every gypsy camp in the south and north-west was visited, Cecilia Demetro, twelve years old, daughter of a wealthy Greek of Little Rock, who had been kidnaped March 1, 1906, was found in a camp near Thornton, Ill. The little girl was given shelter at a police station here. Trace of the girl was obtained by Leo Demetro, her father. He met a gypsy at Salt Lake City, who learned of his sorrow. The man promised to inform him should he ever hear of the camp in which the child was held.

Accompanied by four deputy sheriffs Demetro went to Thornton. Just beyond the outskirts of the town is the camp, consisting of more than 100 tents. It was there Cecilia was held a prisoner. When the Greek, who is a coppersmith, and his companions arrived the girl was playing on the prairie with several other youngsters. Before Demetro could reach his daughter he was thrust aside by John Joe, king of the camp, and who is said to have kidnaped the child. Joe burst from his tent and seized Cecilia as she was about to spring into her father's arms. In an instant numerous gypsies were swarming out of their smoke-filled tents and hurrying to the scene. Demetro seized Gypsy Joe by the throat. While they were struggling on the ground scores of Joe's followers crowded around and threatened to interfere but the deputy sheriffs drew revolvers and seized the little girl. An instant later Demetro gained his feet and taking his daughter stood with the officers. Awed by the display of weapons, the gypsies retreated and the deputy sheriffs hurried to Thornton, where they boarded a train for Chicago.

### PORT ARTHUR'S DEFENSE.

Report of Actual Commandant Is Sensational In the Extreme.

St. Petersburg, Feb. 26.—A copy of the secret report on the defense of Port Arthur, which is the basis of the indictment on which Lieutenant General Fock, who commanded the Fourth East Siberian division at Port Arthur, and Major General Reiss, chief of staff of General Stoessel, are standing trial for their lives before the supreme courtmartial, has been obtained by the Associated Press.

It is of the greatest interest as explaining the decision to try these three officers and nolle prosequi the other defenders of Port Arthur. The report, which was written by Lieutenant General Smirnof, the actual commandant of the fortress, is sensational in the extreme and categorically accuses Stoessel of cowardice and incapacity and finally of the deliberate, treasonable hastening of the surrender to save his own life and in defiance of the decisions of two successive councils of war. The report is biased in the extreme, breathes the most bitter personal enmity, and shows that the high officers of the Port Arthur garrison in the darkest days of the siege were almost at each other's throats. The indictment is summed up in conclusion by General Smirnof as follows:

"A series of unpardonable blunders outside the fortress due to the ignorance and lack of military capacity and material prowess of Generals Stoessel and Fock brought about the investment of the fortress several months earlier than necessary, and after the investment a desire for undeserved glory moved Stoessel to interfere in the defense with unfortunate results. Finally, at the last period of the siege, Stoessel usurped my authority with the assistance of Generals Fock and Reiss and committed treason in surrendering suddenly and prematurely. I regard our defeat as Mukden as a direct result of this treason."

Downtown Business Section of City of  
Pittsburg Visited by Conflagration by  
Which the Property Loss Amounts  
to a Considerable Sum.

Pittsburg, Feb. 26.—One of the most spectacular, troublesome and costly fires which the Pittsburg downtown district has experienced in several years occurred Monday. The six story structure at 819 Liberty avenue, occupied by the Derby Desk company, and the building at 871 Liberty avenue, occupied by the Baker Office Furniture company, were completely destroyed. In addition, the flames wrecked three upper floors of the building at 831 Liberty avenue, occupied by the Grier-Busch company, wholesale notions and toys, and threatened the Second National bank. When the fire was believed to be under control flames were seen issuing from the top floor of the Seventh Avenue hotel. There was wild scrambling by the guests, but all got out safely. The building was saved, but the furnishings were ruined by water.

A number of people were slightly injured during the fire, and the blaze was replete with harrowing escapes and thrilling incidents. The cause of the fire is believed to have been crossed electric wires. The total loss is estimated at \$350,000.

### LARGE EXPENDITURES.

Illinois Central Is to Spend Many Millions of Dollars.

The cars are to be finished by November next, and the engines by October.

President Harahan announced also that the Illinois Central will double-track that part of its system known as the Yazoo and Mississippi Valley railroad between here and Baton Rouge.

He said that beginning next April the Illinois Central would have an immigrant steamship line running to New Orleans.

### BURNED OR DROWNED.

Twenty Negro Passengers Lose Their Lives and Others Missing.

Charleston, S. C., Feb. 26.—It is said that twenty negro passengers were drowned or burned and a dozen more are missing as the result of the burning of the steamer Marion, on Ward-malaw river, last Friday morning. Captain Ferguson filed his report with the government inspectors. The great loss of life seems to have been on account of the negroes becoming terror-stricken. There were seven passengers, all of whom were saved.

The fire started early in the morning, when all the passengers were asleep and, fanned by a high wind, spread rapidly, cutting off many people, although the vessel ran into a wharf within a few minutes.

## THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas  
as second-class matter.

BY CARNES & WALLACE

The Eagle is authorized to announce  
H. E. PEVERLEY

as a candidate for the office of City Secretary  
at the ensuing City election in April.

BRYAN, TEXAS, FEB. 26, 1907.

Marlin is after a government  
army navy and hospital.

A party of Wisconsin homeseekers  
are touring Texas. Monday they  
got into conversation with a  
man from west of the Pecos, who  
invited them to visit that part of  
the state. When told the distance  
one of them remarked, "Why Wisconsin  
is not so far as that."

South Texas points have been  
bountifully blessed with rain and  
the farmers, who have had a dry  
and favorable winter for preparing  
their lands, have them in fine fix  
for the new crop. The Brazos  
county farmers also have their  
lands in fine shape and are in need  
of nothing but rain to make early  
crop prospects ideal.

Whoever builds a house, plants  
a tree, matures a flower, or does  
anything to make his home more  
attractive, not only benefits himself,  
but also adds to the value of  
the property of his neighbors. He  
who contributes money, or work,  
or influence to any of the institutions  
of the town helps to build up  
the town. If you can do no more,  
speak a good word for Bryan.

## WATER AND LIGHT SITUATION.

Committee will meet this afternoon to  
consider propositions from the  
Management of the  
Company.

Incident to the water and light problem,  
the various phases of which were discussed  
at the meeting held last Thursday night,  
and the matters relating to the public  
interest placed in the hands of a committee,  
the Eagle learns that the members of the  
committee held a conference with Manager  
T. J. Preston on Friday afternoon the out-  
come of which has been that the repre-  
sentatives of the company have submitted  
for the consideration of members of the com-  
mittee four separate propositions looking  
to a settlement of present difficulties either  
by sale of the entire plant or the water  
works plant to the city or to citizens; or  
by making certain specified additional im-  
provements provided those now under way  
do not prove satisfactory in their results  
within a time limit of ten days. No meet-  
ing of the committee has been held since  
the propositions have been presented, and  
the Eagle is not advised as to what course, if  
any, will be taken with reference to the  
matter. A meeting of the committee will  
be held at 4 or 5 o'clock this afternoon to  
consider the propositions in detail. The  
members of the committee are as follows:  
G. S. Parker, J. E. Butler, Ed Hall,  
L. L. McInnis, W. E. Saunders,  
W. Wiprecht.

The energy displayed by the company  
in endeavoring to remedy present difficul-  
ties is beginning to bear fruit and the work  
of the rotary drill gives promise that the  
water supply will again be normal in a  
few days. Meanwhile the desire of the  
company to enter into some permanently  
satisfactory arrangement is also to be com-  
mended. We feel confident that the com-  
mittee acting for the city will deal wisely  
with the problem and leave nothing undone  
to secure an adequate and permanent water  
supply.

## K. OF P. SOCIAL MEETING.

The local lodge of Knights of Pythias,  
W. S. Wilson Jr., chancellor commander,  
held an enjoyable social session last night  
with a large attendance of members and  
a few invited guests. A moving picture  
machine belonging to Frank Aranda was  
secured for the occasion and afforded a great  
deal of pleasure.

Pictures illustrative of the friendship  
of Damon and Pythias were given and  
Chancellor Commander Wilson related  
the incidents of the story and the history  
of the founding of the order.

Following this the crowd adjourned to  
the lodge reading room on the second floor  
of the building where appetizing lunch was  
served and seasoned with hearty good fel-  
lowship.

The Knights of Pythias, foremost every-  
where in fraternal circles, have long main-  
tained the splendid Bryan lodge and it has  
been not only a benefit to the members  
themselves, but has exerted a fine influ-  
ence in the community.

## POSSIBLY ACTED.

Harriman Says He May Have Assisted  
in Fixing Price of Sale.

New York, Feb. 26.—When the inter-  
state commerce commission resumed  
its sitting Tuesday Commissioner  
Prouty was not present. Mr. Harri-  
man entered the room and walked di-  
rectly to the witness chair. Mr. Kel-  
logg with a bundle of documents in  
his hand stepped to the cleared space  
in front of the witness and plunged  
directly into the examination.

Mr. Harriman previously testified  
that he did not know whether he had  
any interest in the Laclede Construc-  
tion company, which had built the St.  
Louis, Peoria and Northern railway,  
and when he took the stand Tuesday

E. H. HARRIMAN.

morning Mr. Kellogg produced a con-  
tract relating to the Chicago Terminal  
Transfer company showing that Harri-  
man, George J. Gould, James Still-  
man and Jacob Schiff were owners of  
that company. The witness said the  
document was no doubt correct and  
that possibly he had acted in fixing the  
price of the road when it was sold to  
the Alton.

Mr. Kellogg also produced two origi-  
nal checks to show that Kuhn, Loeb  
& Co. had been managers of the Alton  
syndicate, and witness who had been  
unable to remember Monday, said  
Kuhn, Loeb & Co. undoubtedly had  
been the syndicate managers.

After reciting the statement of the  
Chicago and Alton railroad showing  
an interest charged Mr. Kellogg asked  
witness if he thought it was right to  
put upon the public a large issue of  
common stock which never would and  
never could pay dividends.

"Did we ever tell the public it  
would pay a dividend?" asked Mr. Harri-  
man, quietly.

Mr. Kellogg asked what the total  
fixed charges of the Chicago and Alton  
railroad were. Mr. Harriman  
scanned some papers he held and pro-  
ceeded to read the amounts, with fre-  
quent interruptions from Mr. Kellogg.  
His totals did not seem to agree with  
those of Mr. Kellogg.

Mr. Harriman told the story of the  
deposition of President Fish from the  
Illinois Central which he said was  
done by the board because of Fish's  
alleged repeated use of the road's  
funds to pad trust company state-  
ments and his disregard of the desires  
of the directors.

## CANNOT TRACE IT.

Opinion Being Formed Disappearance  
Was Result of Clerical Error.

Chicago, Feb. 26.—Government offi-  
cials who are working on the disap-  
pearance of \$173,000 from the sub-  
treasury at this city, declared they  
were unable to trace the theft to any  
one person and they have formed a  
strong opinion that the disappearance  
was not the result of theft, but a clerical  
error. Captain Porter of the sec-  
ret service, who has charge of the  
case, said he believed the matter  
would be straightened out at once.  
He did not say he had abandoned the  
theory of theft, but other officials  
connected with the subtreasury de-  
clared the idea of an error was re-  
ceiving far more consideration than  
that of possible robbery.

### TO BE ELECTED.

#### Power of Appointment Taken From the Lieutenant Governor.

Guthrie, Feb. 26.—The constitutional convention took away from the lieutenant governor of the state the power to appoint the committees of the state senate, and prescribed instead that the committee be elected. During the discussion Delegate Herring of Elk City and President Murray came close to blows. Herring accused Murray of using his power arbitrarily and of promising the appointment of committees to secure his election as president.

President Murray, leaving the chair to reply, applied an epithet to Herring. Herring resented the remark, and a personal encounter was only prevented by the sergeant-at-arms interfering. President Murray's remarks were stricken from the records.

To get the work of the convention in some tangible form in order to secure an adjournment March 20 it was decided to appoint a steering committee of ten members.

### "STOOD THERE A LIAR."

Harry K. Thaw Makes a Most Dramatic  
Remark in Court.

New York, Feb. 26.—Mrs. Harry K.  
Thaw was asked by District Attorney  
Jerome if she had ever been to see a  
Dr. Carleton Flint with Jack Barry-  
more.

"Call Dr. Flint," commanded Mr. Je-  
rome.

The doctor entered from the witness  
room and was escorted to within a  
few feet of the witness chair.

"Did you ever see that man before?"

Mr. Jerome asked Mrs. Thaw.

The witness seemed just a bit start-  
led, looked quickly and intently at  
the physician, then turned to Mr. Je-  
rome and shook her head.

"Never," she declared.

Thaw was intensely interested in  
this incident, and when it was over  
he turned to the newspaper men sit-  
ting nearest him and whispered: "That  
man made a mistake in coming in  
here. He stood there a liar. Do you  
catch my point; a liar?"

Instead of further hurting the cause  
of her husband, Mrs. Thaw managed  
to make two decided gains. When  
court adjourned last Thursday it ap-  
peared from her own statements that  
she had received a letter of credit  
from Stanford White while touring in  
Europe, and then turned the letter  
over to Thaw. Monday she explained  
that Thaw took the letter of credit  
from her, saying the money was "pois-  
oning," and neither she nor her moth-  
er could touch it, and that he would  
provide them with funds.

What ever had been spent of the  
money, she declared, was for her  
mother.

The second point Mrs. Thaw made  
was concerning the cablegrams which  
Thaw is said to have sent to Stan-  
ford White from London. It appear-  
ed Thursday that these cablegrams  
were requests of White to use his in-  
fluence in keeping Mrs. Nesbitt from  
"raising a row" and interfering with  
Evelyn in continuing in company with  
Thaw. Mr. Jerome took up the sub-  
ject again Monday, but his questions  
elicited the information that the let-  
ters did not concern Mrs. Thaw at  
all, but related to a man—a secretary  
of the American embassy—in London  
whom Mrs. Thaw said has "sneaked  
up to mama's bedroom and insulted  
her."

She said the man had also insulted  
her, and that Thaw had gone in search  
of him, but failed to find him.

### FINANCIAL OPERATIONS.

Right of Interstate Commission to In-  
quire Challenged.

New York, Feb. 26.—E. H. Harri-  
man, master of the Union Pacific sys-  
tem, recited portions of the intimate  
history of the financial operations of  
himself and his associates before the  
interstate commerce commission  
which, in behalf of the United States  
government, is investigating consoli-  
dations and combinations of railroads  
between carriers and community of  
interest therein, their rates, facilities  
and practices. Special counsel for the  
government made particular attack  
upon the reorganization and financing  
of the Chicago and Alton railroad by  
the Harriman syndicate, and their ac-  
tion met with a challenge by counsel  
for the railroads of the right of the  
interstate commerce commission to in-  
quire into the private transactions of  
an individual constituted the two chief  
events of Monday's proceedings.

By direction of counsel, Mr. Harri-  
man declined to tell what portion of  
the preferred stock of the Alton, sold  
to the Union Pacific, belonged to him  
individually, and the way was paved  
for taking the question into the Fed-  
eral courts. The point raised in-  
volves a material limitation on the in-  
quisitorial power of the commission  
and is of serious importance to the  
whole question of interstate corpora-  
tion investigations.

forces Monday.

### LYON'S LETTER.

Stated That Jerome Had Made One  
Request and Hartridge Another.

New York, Feb. 26.—When the trial  
of Thaw was resumed Tuesday Dis-  
trict Attorney Jerome called the atten-  
tion of Justice Fitzgerald to a letter  
he received from J. D. Lyon, vice pres-  
ident of the Union National bank of  
Pittsburg, who was a witness two  
weeks ago. Mr. Lyon had the custody  
of Thaw's will. He was requested by  
Mr. Jerome to send all of Harry  
Thaw's letters and papers he had in  
his possession. The district attorney  
said he had received a letter from Mr.  
Lyon stating that Mr. Hartridge of the  
defense had written him saying that  
no letters or papers of date subse-  
quent to June 25, 1906, were desired.  
Mr. Lyon asked that the court instruct  
him precisely as to what papers were  
desired.

Mr. Jerome asked that Justice Fitz-  
gerald make an order directing Mr.  
Lyon to send all papers. Mr. Har-  
tridge rose to make a statement that  
before writing to Mr. Lyon he did not  
want the papers after a given date he  
had a conversation with Mr. Jerome  
and the latter said distinctly that he  
did not care for the letters and papers  
after the date of June 25 last.

"It is very unfortunate that we have  
these continual misunderstandings,"  
remarked Mr. Jerome.

"It is unfortunate," replied Mr.  
Hartridge, hotly, "but it is a fact that  
I wrote to Mr. Lyon on your state-  
ment."

Justice Fitzgerald said he had no  
authority to issue an order to witness,  
who was now out of the jurisdiction  
of the court.

"Unless he returns for cross-exami-  
nation," said Mr. Jerome, "his direct  
testimony will have to be stricken out  
and with it the will and codicil of de-  
fendant."

"I'll stand under oath that the dis-  
trict attorney told me he did not want  
these letters," again interposed Mr.  
Hartridge. "His memory has gone  
back on him." After further argu-  
ment Mr. Hartridge declared the  
court's time was being wasted, for if  
the district attorney now said he want-  
ed all the letters the defense had ab-  
solutely no objection and would so in-  
struct Mr. Lyon.

Abe Hummel was excused tempo-  
rarily and Abraham Snyder was  
called. Mr. Snyder was asked one  
question, which was not allowed, and  
he was excused.

Mrs. Evelyn Nesbitt Thaw was then  
recalled. Mr. Delmas read Evelyn  
Thaw's 1902 diary for nearly forty  
minutes. He then offered no objec-  
tion and Mr. Jerome began to read  
extracts from it.

At 12:30 o'clock Tuesday Mr. Je-  
rome stated that he had completed the  
cross-examination of Mrs. Thaw.

Evelyn Nesbitt Thaw was recalled  
for re-direct examination after the  
noon recess.

### COAL FOR FUEL.

Two Companies Place Large Orders  
For the Black Diamonds.

Pittsburg, Feb. 26.—The Southern  
Pacific Railroad and Steamship com-  
pany and St. Louis Gas company have  
contracted with the Monongahela River  
Consolidated Coal and Coke com-  
pany of this city for \$1,000,000 worth of  
coal, the largest contract ever secured  
from the Southern Pacific Railroad  
and Steamship company, which con-  
tracts for 250,000 tons, to be delivered  
at its wharves at New Orleans. This  
order means the beginning of the end  
of oil as fuel in New Orleans. The  
Southern Pacific since the discovery  
of petroleum in Texas and Louisiana  
has used immense quantities of oil for  
fuel.

The scarcity of oil and increasing  
price are said to be the cause of the  
change.

est coastwise steamers in the world

Many other improvements are likely
